

A scenic view of snow-capped mountains in West Sikkim, India, with a stone stupa in the foreground. The mountains are rugged and covered in snow, with a clear blue sky above. The stupa is a traditional Buddhist monument, made of stacked stones, and is silhouetted against the bright background of the mountains. The foreground shows a dark, rocky landscape with some sparse vegetation.

Ghonday Village Resort West Sikkim

# Curated Day Walks in West Sikkim (5 days Bagdogra to Bagdogra)

- This trip takes one into an unspoilt part of Western Sikkim away from the bright lights of Gangtok and Changu Lake. Our base is the small village of Kaluk-Rinchinpong with the beautiful and comfortable Ghonday Village Resort. We stay here for four nights and make day trips and day walks around this area in the shadow of Mount Kangchenjunga. This is one of the easy tours in Sikkim which covers the finest views of Kangchenjunga much closer than the views from Darjeeling.
- This trip is a good post covid exercise as people have been housebound for many months and have been looking to get back into the outdoors and breathe some fresh mountain air. It is a spectacular outing in both summer and post monsoon offering verdant forests, flowers, ferns and snow peaks.
- The costs of this trip is **Rs 50,000/- per person** all inclusive of taxes and meals are covered. Some exclusions apply. For details please see page 8.

# Trip Highlights

- A five day four nights holiday in unspoilt West Sikkim in a covid free environment.
- Walk 4-5 hours a day ( 8-10 km) and return in the evening to the beautiful Ghonday Village Resort in Rinchinpong/Kaluk with comfortable rooms, hot showers, good meals and great mountain views.
- Look out on the Kangchenjunga range from your bedroom window.
- Verdant forests of the Eastern Himalaya rich in bird life flowers, ferns and orchids.
- Monastic and village walks give a flavour of Sikkim away from the crowds of Gangtok and Rumtek in east Sikkim.
- Ideal for those of you thinking of a longer trek but need to build confidence with short day walks.

# Curated Day Walks in West Sikkim Itinerary Days 1 and 2

- Day 01 - Bagdogra to Rinchinpong by vehicle (5 hours)
- We reach Bagdogra by lunchtime and then transfer to our vehicles for the 5 hour drive to Rinchinpong/Kaluk to the Ghonday Village Resort our home for the next four nights. Dinner at the resort with a roaring fire and then to bed for the night. If we are lucky we can see Kangchenjunga by moonlight from our rooms.
- Day 02: Walk from our resort uphill to Reesum Monastery 2-3 hours and then visit Rinchinpong monastery below.
- The trail leaves our resort and begins a pleasant steady uphill climb through a forested path. It is a beautiful walk with lots of ferns, lianas, rhododendrons and azaleas. We pass small village houses in the clearing and continue up to the abandoned monastery which is now almost in ruins. There is a very fine view of Kangchenjunga from the monastery on a clear day. We spend some time on the top and then walk down to the Rinchingpong monastery which a fully functioning monastery. From here we can have our transport pick us up and take us for lunch. The afternoon is spent relaxing in our resort garden and chilling out.

# Curated Day Walks in West Sikkim Itinerary Days 3 to 5

- **Day 03: Drive to Uttarey one hour and then walk to the Mainebass waterfalls and back ( 3 to 4 hours round trip)**
- We leave the resort in the morning by 8 am after breakfast and drive to Uttarey 1924 metres past the village of Dentam and the beautiful Singshore bridge. We then drive up 10 minutes to the Uttarey Trout farm. After looking at the farm we start our walk along the river first to the gates of the Barsey Rhododendron Sanctuary in around 75 to 90 min. We take a short break here and then walk for another 45 min or so until we come to dead end with a huge waterfall in front. We return back the same way and after a late lunch at a small dhaba at Uttarey we head back to our resort by early evening.

- **Day 04: Drive to Chakung in the morning 45 minutes and then walk up from Chakung to Durpenay Dara one hour up**
- We leave our resort after breakfast around 8.30 am and then drive to Chakung which would take around one hour. We then start our one hour walk uphill to the viewpoint to Durpenay Dara. The walk is very peaceful along the ridge with the valley on one side and the forest on the other. We can also see a lot of birds and butterflies on the way. If the weather is clear we can get a good view from the top. The return is down some stone steps with wide views of the Jorethang valley and then to the roadhead where the cars will pick us up and return to our hotel by afternoon.

- **Day 5 : We leave Rinchinpong by 7 am and are down in Bagdogra by lunch time** - we can have lunch at the airport restaurant and catch our afternoon flights out of Bagdogra.

## Why do the Curated Day Walks in Sikkim Tour with South Col?

- South Col is a small, personalized firm specializing in treks and tours in the Himalayan region. **Sujoy is one of the few tourists to have visited the region way back in 1986! Our tour leaders have a huge experience with Sikkim and this tour.**
- We are keenly aware of the fragility of environment and cultures in which we tour and recognize our responsibility in maintaining them. "Take pictures, leave only foot prints" is our motto.
- Our clients get personalized attention both in the planning stage as well as during the tour itself and put a lot of emphasis on the safety of our team.
- Support team of guides and porters as needed are personally supervised by the tour leader to ensure that the clients are comfortable and well looked after.

# Covid Protocol

Sikkim has few active covid cases in the state as of now and it is going down daily. Most of these cases are in the capital Gangtok and east Sikkim – the area which we visit West Sikkim has no cases at the moment. Life is normal here with proper safety measures like masks, sanitisers and distancing.

Normal airport protocol like masks, shields and santisers to be followed.  
Prebook seats in the front rows of the aircraft.

Our resort is maintaining all covid safety standards including sanitisers, spray machines for luggage, rooms are checked and sheets and towels changed daily. Staff is serving meals with masks even though there is no covid cases in the area.

As we will be walking in remote areas we are likely to be the only walkers there so masks while walking may not be needed.

▪Sikkim does not need a covid negative test but travellers joining this tour should be responsible enough to check that they have no symptoms of cough, cold, fever or any other covid like symptoms before starting out.

# Curated Day Walks in West Sikkim FAQ

---

**How fit do I have to be to do a tour?** Whilst you do not need to be super-fit, you need to be fit enough to comfortably walk for 4-5 hours per day in the mountains on reasonable trails. You will definitely need to walk for around an hour at least every day to get fit. Walking uphill/stairs etc also helps a great deal.

**What is a typical group? Will I fit in?** Groups range in size from 6 up to 12, and typically comprise a range of nationalities and experience. So far, all of our groups have got along very well. One of the attractions of such a trip is the chance to meet people with different backgrounds and personalities.

**Do I need to buy special equipment?** For this tour no special equipment is needed - the altitude is never more than 2000 metres and mostly the tour is between 1500-1800 metres. Usually our clients simply bring their existing clothing and equipment. Please check the equipment list which we will send out.

**What type of shoes or boots should I wear?** The proper foot wear depends on the tour. These day walks can be done in sneakers but it would help to have a shoe with a slightly heavier upper and sole. Having said that you will find locals doing these walks in flip flops.

**What will the weather be like?** November and December is the post monsoon season so we expect clear sunny days and cold nights. Temperatures in the day can range between 15 and 20 degrees Celsius while nights would be between 5 and 7 Celsius. Sunny days clear nights are expected. Once the sun is up it can get quite warm while walking.
